PROGRAM SUMMARY

This series of ten webinars will guide your journey from introductory concepts of IDNT through to implementation into your daily practice. The webinars will cover a variety of case studies, include interactive discussions and written resources to guide your learning. Rural practice issues will be highlighted. Guest speakers will also share implementation experiences. Please see program for details.

The webinar series is supported by a grant received from the National Rural Health Alliance.

REGISTRATION

Register at www.daa.asn.au >> Go to [Current Events](#)

Registrations close two days prior to each webinar. Requests for late registrations may be declined.
