Australian Red Cross

**Look after our children
so they can look after
us.**

**This story tells how
many of my people are
caught in the bad
circle...**

**They get depressed,
fight and have
accident.
They die too young.**

**We end up with so
weak, sad families...**

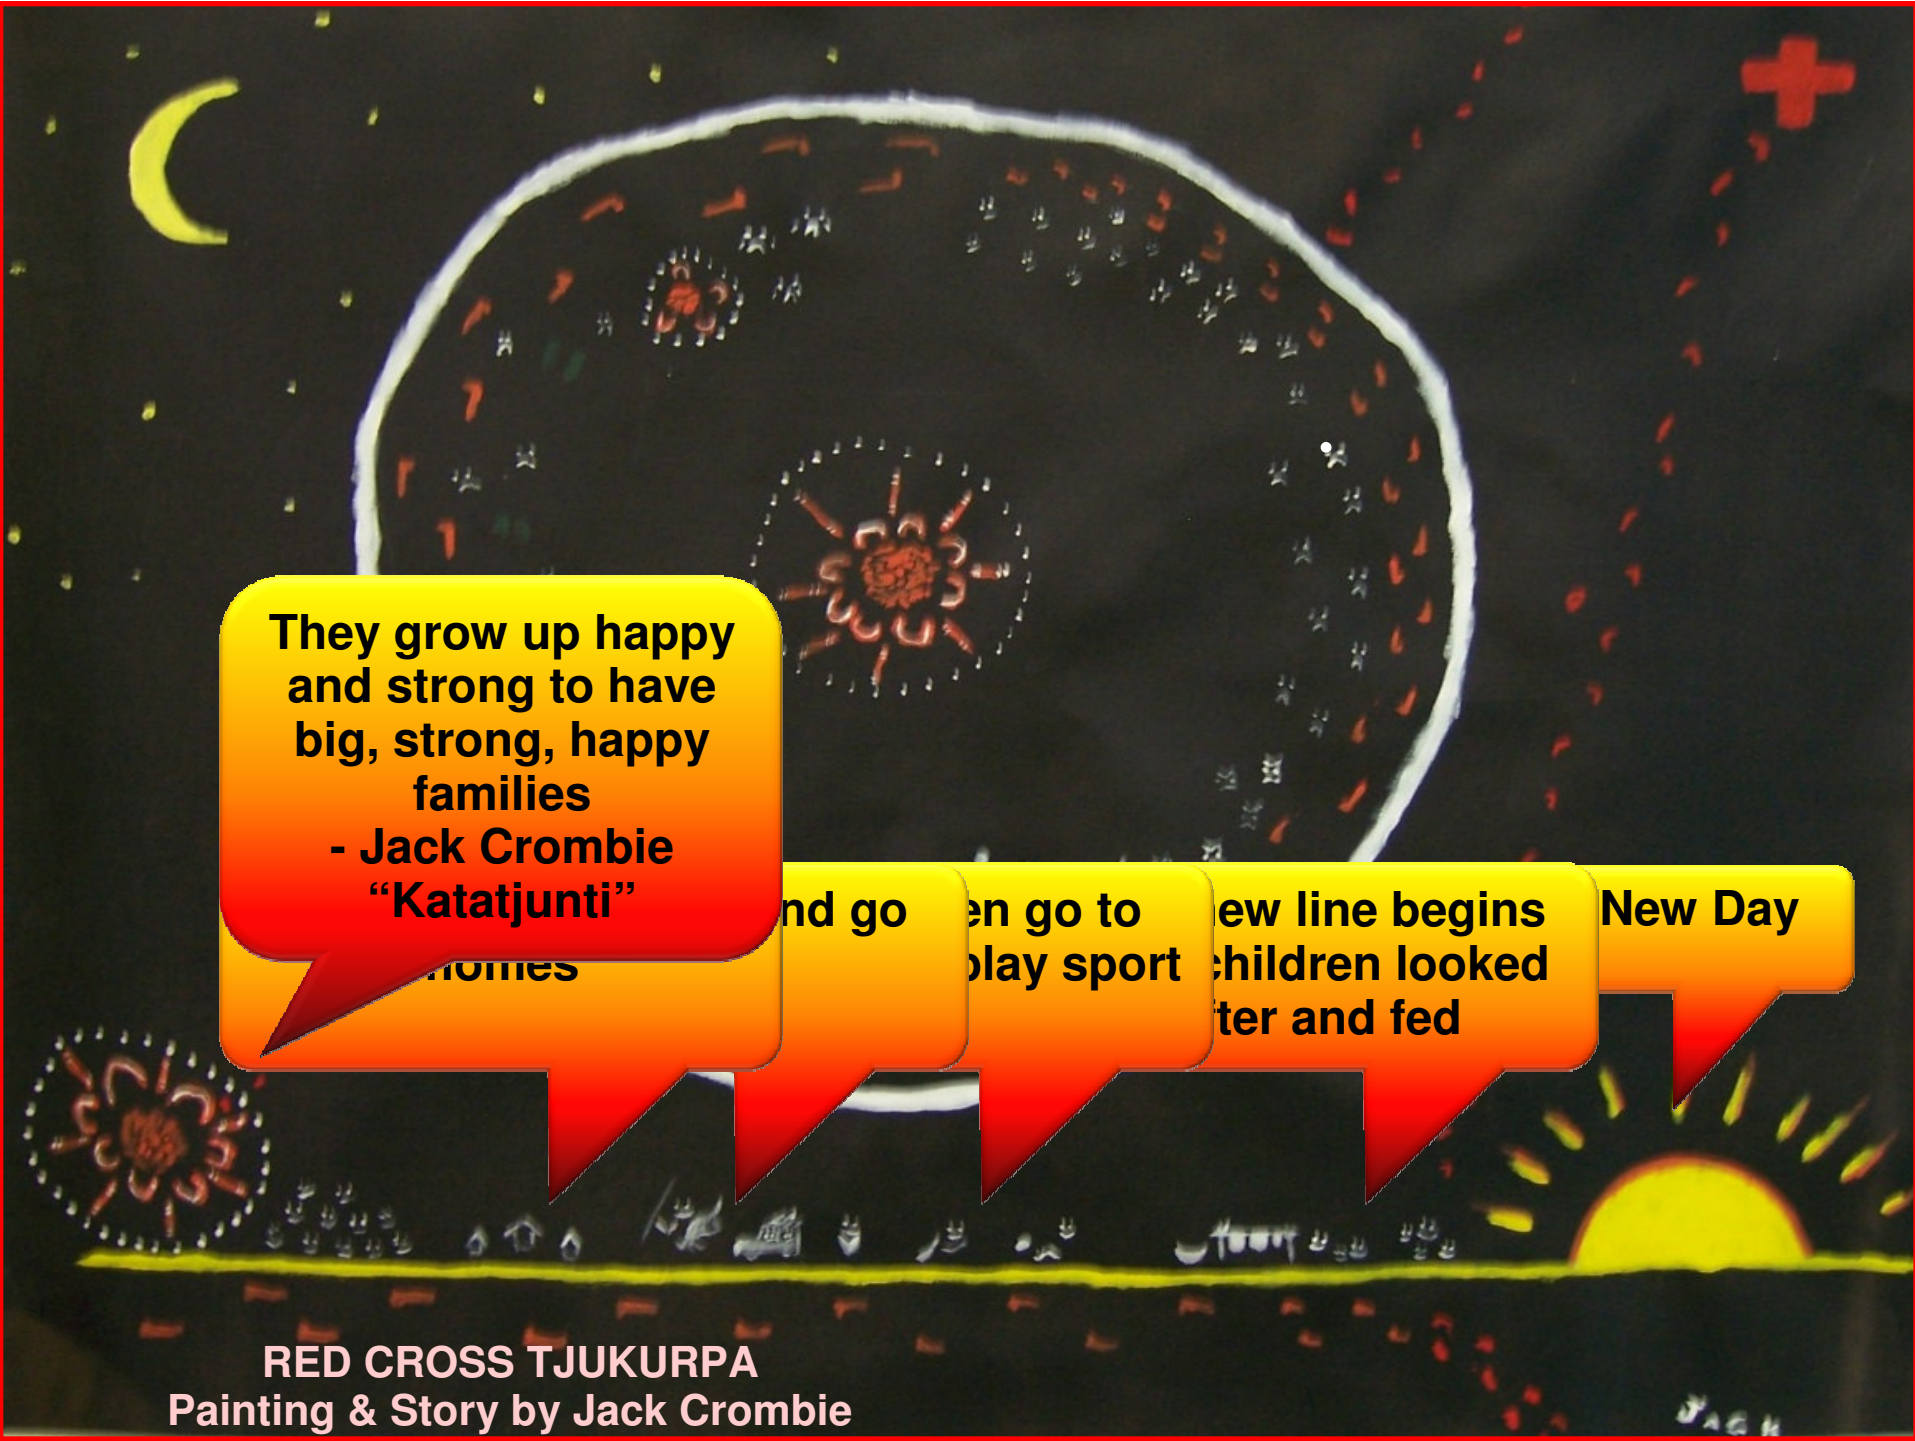

**Many children are
hungry and sick...**

**Australian Red Cross
is trying to help us
get out of that bad
circle and on to the
good line.**

**They become sad and
angry**

**They drink grog, sniff
petrol and take drugs
to try and lessen the
pain.**

**RED CROSS TJUKURPA
Painting & Story by Jack Crombie**

**They grow up happy
and strong to have
big, strong, happy
families**

look to the Red-
Cross for
support**

**Although sometimes
someone may still drink
grog and have a car
accident (life is really
never perfect)**
